

5-90L Flow Rate Fuel Dispenser Petrol Pump Single Stage 220VAC

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Virette

Product Specification

- Structure: Single-stage Pump
- Delivery Rate: 5 ~ 90L/min; 90~150L/min; 150~250L/min
- Warranty: 12 Months
- Product: One Product Or Two Product
- Flow Rate: 5-50L/Min Or 5-90L/Min
- Register Range: 0.00~999999.99 L
- Voltage: 220VAC
- Vacuum: 0.04Mpa
- Highlight: dispenser petrol pump single stage,
90l flow rate fuel dispenser,
220vac fuel dispenser

Product Description

5-90 Liters Flow Rate Fuel Dispenser

Product Description:

Our Diesel Fuel Dispenser is equipped with a high-precision electronic register that can measure fuel quantities with a range of 0.00~999999.99 L, which ensures accurate and reliable measurement of fuel dispensed. This feature makes it an ideal solution for fuel dispensing applications in petrol stations, fuel depots, and other fuel dispensing facilities.

The Gasoline Dispensing System also features a high-quality flow meter that has a flow rate of 5-50L/Min or 5-90L/Min, which ensures a fast and efficient fuel dispensing experience. The fast flow rate ensures that customers can quickly fill up their tanks, reducing waiting times and increasing customer satisfaction.

Our Fuel Dispenser is designed to be simple and easy to use, with an intuitive user interface. The dispenser also features a durable and robust design that is built to withstand harsh weather conditions and heavy usage, ensuring that it delivers reliable and consistent performance every time.

Our Diesel Fuel Dispenser is designed for use with a wide range of fuels, including petrol, diesel, and other fuels. This makes it a versatile and flexible solution that can be used in a variety of different applications, from petrol stations to fuel depots and other fuel dispensing facilities.

Our Fuel Dispenser comes with a 12-month warranty, which ensures that you can be confident in the quality and reliability of our product. The warranty covers any defects in materials or workmanship, giving you peace of mind and protecting your investment.

Overall, our Fuel Dispenser is the perfect solution for your petrol and diesel fuel dispensing needs. Whether you are running a petrol station or a fuel depot, our high-quality Petrol Dispensing Machine is designed to provide reliable and efficient fuel dispensing performance, with a range of features and capabilities that make it the ideal choice for any fuel dispensing application.

Features:

Product Name: Fuel Dispenser

Application: Petro, Diesel Etc

Vacuum: 0.04Mpa

Temperature: -40~55

Medium: Lubricating Oil

Product: One Product Or Two Product

Our Fuel Dispenser is a top-of-the-line Petrol Dispensing Machine that is perfect for any Fueling Station Dispenser. With a vacuum of 0.04Mpa and temperature range of -40~55, this Gasoline dispenser is designed to handle a variety of fuels including Petro and Diesel Etc. It can dispense one or two products and is compatible with Lubricating Oil.

Technical Parameters:

Medium	Lubricating Oil
Structure	Single-stage Pump
Hose	3/4" 4M
Voltage	220VAC
Application	Petro, Diesel Etc
Warranty	12 Months
Temperature	-40~55
Product	One Product Or Two Product
Delivery Rate	5 ~ 90L/min; 90~150L/min; 150~250L/min
Vacuum	0.04Mpa

This table contains technical parameters for a Fuel Dispenser, also known as a Gasoline dispenser, Petrol Dispensing Machine, or Fuel Dispensing Equipment.

Applications:

The Virette fuel dispenser is ideal for petrol stations as it can handle a delivery rate of 5 ~ 90L/min, 90~150L/min, and 150~250L/min, making it suitable for different filling needs. This fuel dispenser is also perfect for use in construction sites and industrial sites where diesel fuel dispensers are required. Its high delivery rate ensures that large machines and vehicles can be fueled up quickly and efficiently.

The Virette fuel dispenser is also suitable for use in remote locations where power supply may be limited. It is designed to operate on a voltage of 220VAC, making it easy to use in areas with limited power supply. Additionally, this fuel dispenser comes with a 12-month warranty, ensuring that users can enjoy worry-free use of the product.

Overall, the Virette fuel dispenser is a reliable and efficient fuel dispenser that is suitable for a wide range of applications. Whether you need to dispense petrol, diesel fuel, or any other type of fuel, this fuel dispenser is up to the task. With its high delivery rate and automatic nozzle, the Virette fuel dispenser is the perfect choice for anyone who needs a reliable and easy-to-use fuel dispenser.

Customization:

Virette offers customization services for its Diesel Fuel Dispenser, a high-quality Fuel Dispensing Equipment made in China. Our Fuel dispenser has a Delivery Rate of 5 ~ 90L/min; 90~150L/min; 150~250L/min and comes with an Automatic Nozzle (TD-20A). The Register Range is 0.00~999999.99 L and the Hose is 3/4" 4M. The Fuel dispenser has a Working Pressure of 0.2 MPa, making it a reliable choice.

Contact us today to learn more about our customization services for the Virette Fuel Dispenser.

Packing and Shipping:

Product Packaging:

1 Fuel Dispenser

1 User Manual

1 Nozzle

1 Hose

1 Power Cable

Shipping Information:

Weight: 50 lbs

Dimensions: 24 x 24 x 60 inches

Shipping Method: Ground

Expected Delivery Time: 5-7 business days
