

AC220V 50Hz CNG Fuel Dispenser 15L/Min -25L/Min CNG Dispensing Station

Our Product Introduction

For more products please visit us on refueling-equipment.com

Basic Information

- Place of Origin: China
- Brand Name: Virette
- Delivery Time: 20 - 30 days

Product Specification

- Hose Length: 4m
- Unit Price Range: 0.01-99.99
- Working Pressure: 20MPa
- Display: LCD
- Total Price Range: 0.01-999999.99
- Power Supply: AC 220V/50Hz
- Flow Rate: 15-25L/min
- Communication Interface: RS485/RS232
- Highlight: 50hz cng fuel dispenser, cng fuel dispenser 15l, 25l/min cng dispensing station

Product Description

AC 220V/50Hz Power Supply CNG Fuel Dispenser for Gas Filling Stations

Product Description:

The CNG Fuel Dispenser comes with a high-resolution LCD display that makes it easy to read and operate. The display shows all important information, including the amount of gas dispensed, the price per unit, and the total price. The LCD display is also backlit, making it easy to read in any lighting conditions.

The CNG Gas Dispenser has a humidity range of $\leq 95\%$, ensuring that it can operate in any weather conditions. This makes it perfect for outdoor use, where it may be exposed to rain or other weather elements. The dispenser also has an accuracy of $\pm 0.5\%$, ensuring that you get the exact amount of fuel you need.

The CNG Fuel Dispenser comes with a 4m hose length, providing you with plenty of reach to fuel up your vehicle. The hose is made of high-quality materials to ensure durability and longevity. The dispenser is also designed to be easy to use, with a simple and intuitive interface that allows you to quickly and easily fuel up your vehicle.

With a unit price range of 0.01-99.99, the CNG Fuel Dispenser is perfect for both commercial and private use. Whether you are fueling up a fleet of vehicles or simply filling up your personal car, this dispenser provides an affordable and cost-effective solution.

In conclusion, the CNG Fuel Dispenser is the perfect solution for Compressed Gas Fuel Dispensing. With its advanced features, including a high-resolution LCD display, a humidity range of $\leq 95\%$, an accuracy of $\pm 0.5\%$, a 4m hose length, and a unit price range of 0.01-99.99, this CNG Gas Dispenser provides a safe and efficient way to fuel up your compressed natural gas vehicles.

Features:

Product Name: CNG Gas Dispenser

Total Price Range: 0.01-999999.99

Communication Interface: RS485/RS232

Temperature Range: -25 To +55

Working Pressure: 20MPa

Humidity Range: $\leq 95\%$

The CNG Gas Dispenser is a reliable and efficient solution for CNG filling stations. With a wide temperature range of -25 to +55 and working pressure of 20MPa, it is suitable for various weather conditions. The dispenser is equipped with RS485/RS232 communication interfaces and a price range of 0.01-999999.99, making it an ideal choice for CNG fuel dispensing.

Technical Parameters:

Technical Parameter	Description
Product Name	Compressed Natural Gas Dispenser
Model	CD-100
Power Supply	AC 220V/50Hz
Communication Interface	RS485/RS232
Working Pressure	20MPa
Nozzle	Single or Dual
Accuracy	$\pm 0.5\%$
Hose Length	4m
Flow Rate	15-25L/min
Display	LCD
Unit Price Range	0.01-99.99

Applications:

The CNG Gas Dispenser is ideal for various applications, such as CNG stations, gas companies, and oil distributors. It is perfect for use in both urban and rural areas, and it can be used as a CNG Refueling Machine or a CNG Distribution Pump. The dispenser has a hose length of 4m, which makes it easy to reach different parts of the vehicle. It has a single or dual nozzle option, which can be selected based on the customer's requirements.

The CD-100 model CNG Gas Dispenser is a reliable and efficient solution for CNG vehicle refueling. It has a working pressure of 20MPa, which makes it capable of dispensing CNG at high pressures. The dispenser is easy to operate, and it is equipped with advanced features that make the refueling process safe and quick. The dispenser has a user-friendly interface, and it is designed to be easy to install and maintain.

The Virette CNG Gas Dispenser is available at a unit price range of 0.01-99.99, making it an affordable solution for CNG vehicle refueling. The delivery time for this product is 20-30 days, ensuring timely delivery to customers. Whether you are a gas company, oil distributor, or CNG station owner, the CD-100 model CNG Gas Dispenser from Virette is the perfect solution for all your CNG vehicle refueling needs.

Customization:

Packing and Shipping:

Product Packaging:

1 CNG Gas Dispenser

1 User Manual

Shipping:

Ships within 2 business days

Free standard shipping within the continental US

International shipping available at an additional cost
